The Approach

What was the scope of their involvement?

They implemented a program that was designed to provide online pricing for web certificates.

What is the team composition?

We worked with five people from their team.

How did you come to work with Tipstat Infotech?

We found them on a freelancer platform.

How much have you invested with them?

We had a budget of $7,500.

What is the status of this engagement?

We started working together in June 2020, and we wrapped up in September 2020.

The Outcome

What evidence can you share that demonstrates the impact of the engagement?

They were great to work with. The team was punctual and did everything they needed to do to get the job done. No one has complained yet.

How did Tipstat Infotech perform from a project management standpoint?

They did well with project management. We used Zoom meetings to manage the project.

What did you find most impressive about them?

They did the job well, which is why we were happy with them. In our next phase, we'll continue to use them.

Are there any areas they could improve?

No, they were actually great at keeping us on schedule.

Do you have any advice for potential customers?

Like any project, it's up to the customer to be concise with what you ask them to do. You also need to provide a reasonable time frame. If they can achieve all of those things, then things will do well.
